DONLEN
A Hertz Company

Dennis Straight

Senior Vice President and
Chief Technology Officer

Dennis Straight serves as Senior Vice President and Chief Technology Officer, and is the visionary behind Donlen's award-winning fleet management platform. As a technology leader, Dennis has created two of the fleet industry's most flexible platforms for managing productivity for both manager and driver: FleetWeb® and DonlenDriver®, launching the industry's first versions of both for the iPhone and iPad native platforms.

Dennis and his internal team of IT professionals have developed several industry-changing propriety solutions,including Hertz Value Lease™, Donlen Asset Manager™, shopcompanycars.com, and FleetWeb Global.

Donlen's technology has been recognized by leading organizations including: 2015 Stevie Awards in the categories of New Business Intelligence Solution, Most Innovative Company of the Year, and Mobile Apps, 2015 InformationWeek Elite 100, Computerworld 2012 Honors Laureate, 2012 InformationWeek 500 List of Top Technology Innovators Across America, and 2012 Gold Stevie® for Business Intelligence Solution.

Most recently, Dennis received the Hertz Corporation Global Leadership Award for bringing the latest advancements and innovation in fleet technology to market. Dennis has more than 18 years of experience in the IT field. Prior to joining Donlen, he was an Advanced Systems Engineer forEDS (now Hewlett Packard), an independent IT consultant, and an AdjunctFaculty Member in the computer sciences department at Loyola University.Dennis earned a BS in Music Engineering Technology and a MS inInformation and Communication from Ball State University.
