

Regulatory Compliance

Donlen's Regulatory Compliance Services are led by a Certified Director of Safety with the North American Transportation Management Institute. With our expertise and experience, you can be assured Donlen is the regulatory compliance partner you can rely on. Donlen's ASE-Certified truck advisors provide expert knowledge backed by cutting edge technology to ensure your trucks remain within the Department of Transportation (DOT) compliance standards.

Regulatory Compliance Services

Donlen understands the inefficiencies and costs associated with non-compliance, which is why we work with you every step of the way to ensure all compliance standards are met. We provide an initial assessment of your Federal Motor Carrier Safety Administration (FMCSA) U.S. DOT regulation compliance and recommend ways to minimize your audit exposure. Our expert consulting team provides support through any DOT audit or intervention.

We assist you with:

- International Registration Plan (IRP) Initial Setup
- International Fuel Tax Agreement (IFTA) Initial Setup
- Additional Permits for State Mileage Programs
- IRP and IFTA Renewals
- Unified Carrier Registration (UCR)
- Heavy Vehicle Use Tax (HVUT) 2290 E-File
- Driver Log Auditing
- Driver Qualification Files
- Compliance, Safety, Accountability (CSA) Monitoring, Reporting, and Annual Review

Through FleetWeb®, our award-winning fleet management platform, we ensure that annual FMSCA inspections are up-to-date.

Vehicle Compliance

Working with Donlen ensures your vehicles remain compliant in a convenient way. We monitor FMCSA required preventive maintenance inspections in increments that you define. You always have access to real-time inspection and maintenance records through FleetWeb. Our full service expertise will accommodate both inter- and intra-state operations pertaining to licensing regulations and fuel tax (IFTA and IRP), as well as special permitting and pilot cars specific to your individual needs.

Driver Compliance

Donlen makes every facet of driver compliance easy and accessible. We audit all Driver Qualification (DQ) file documents required by the DOT, and you will be notified in advance of compliance deficiencies and expiring DQ documents with an automatic email alert. Donlen handles comprehensive driver log audits, including hours of

service verification and electronic imaging, as well as drug and alcohol program management.

Do you know if your company is compliant with state regulations?

Contact Donlen and get the help you need to make your company compliant.
