

Non-Kansas Based IRP Registered Vehicles

Out of State apportioned carriers (International Registration Plan; IRP) will pay the commercial fee based on their apportioned Kansas mileage percentage. The commercial vehicle fee will be collected on all out-of-state vehicles being registered in Kansas.

Intrastate Commercial Vehicles

The Commercial Vehicle fee for intrastate commercial vehicles will be distributed in the same manner as property taxes levied on motor vehicles.

Commercial Vehicle fees will be credited to the County where the intrastate commercial vehicle is based. If an operator of intrastate commercial vehicles registers in one County, but has vehicles based in another County, the County collecting the commercial vehicle fee will remit the fee to the County where the vehicle's base is declared. The Commercial Vehicle fee is the same in all Counties.

HB 2557 allows a commercial vehicle owner to process their commercial vehicle registrations in a single fleet registration transaction in a single County by declaring the County where each vehicle is based that they are registering.

Commercial Vehicle Fees will be based on the apportioned mileage percentage for all interstate registrations.
