GA	Licensing	Title applications for non-dealer sales as well as registrations (deals) and temporary operating permits expiring between 03/16/2020 and 06/14/2020 are extended through 06/15/2020 *No further extension beyond 06/15/2020	Yes, through 06/15/2020	N	Unclear	Due to concerns regarding COVID-19, DOR is temporarily suspending in-person services effective Monday, March 23, 2020. Taxpayers can conduct all business with the Department via online services, telephone, or designated secure kiosk locations. Due to concerns regarding COVID-19, the Georgia Motor Vehicle Division (MVD) is extending all motor vehicle registrations that expire between March 16, 2020, and May 14, 2020. These registrations are extended through May 15, 2020. This extension applies to personal passenger vehicles, commercial vehicles, and vehicles registered in the Georgia International Registration Plan (IRP). The extension also applies to Temporary Operating Permits (TOPs) also called "drive off tag" issued at the time of a vehicle purchase. Registrations that expired before March 16, 2020 do not qualify for this extension. Due to concerns regarding the COVID-19 coronavirus, the Georgia Department of Revenue's Motor Vehicle Division (MVD) will not require motorists in Georgia who purchased a used motor vehicle in a private sale (sales not involving a licensed motor vehicle broker or dealer) on March 16, 2020 or later to have a license plate until after May 15, 2020. That means that any driver with a valid Bill of Sale dated March 16, 2020 or later in the vehicle will be able to drive the purchased motor vehicle on the highways and streets of Georgia through and including Friday, May 15, 2020 without a new license plate. This applies to all vehicles for which a license plate can be issued, including personal passenger vehicles and commercial vehicles. This extension does not apply to motor vehicles purchased through a Georgia broker or dealer. If the county tag office in your county of residence is open, you should apply for the title and register the motor vehicle within seven (7) days of the purchase of the motor vehicle. However, if you purchased the vehicle on or after March 16, 2020 the Bill of Sale or assigned Certificate of Title should confirm the date of purchase and you cannot get to your county tag office due to the COVID-19 epidemic, then you may rely on the Department's bulletin titled "Extension of Private Sales Exemption Through May 15, 2020". MVD is also sending copies of this bulletin to Georgia law enforcement agencies, but all officers may not receive the notice before conducting a traffic stop and officers in other states may not receive it at all. If a law enforcement officer notes that the motor vehicle does not have a current, valid license plate, the driver can present a copy of this bulletin to notify the officer of the automatic extension granted by MVD. For registration details, see the motor vehicle registration section of the MVD website. For more information on the extension, visit the MVD website. MD	Licensing	Registrations that expired on or after 03/12/2020 are extended until 30 days following lift of state of emergency	No	Yes, safety inspections expired beyond 90-day period are extended by additional 30 days	Most Likely (case by case)	The Maryland Department of Transportation Motor Vehicle Administration (MDOT MVA) has reopened branch offices to the public by appointment only beginning on Monday, June 22. Governor Hogan has ordered an extension of all driver's and business licensed, identification cards, permits, registrations with expiration dates beginning March 12 until the end of the state of emergency. As a result, they will not expire until 30 days after the state of emergency has been lifted. With respect to penalties and fees for late titling and registrations, Md. Code Ann. Transp. § 13-808(i) provides that MVA is not able to issue a certificate of title for a vehicle until the paperwork and excise tax is paid to MDOT MVA. It is also a requirement that the excise tax and paperwork must be submitted within 30 days of the delivery of the vehicle. Governor Larry Hogan declared a state of emergency on March 5, 2020, in response to the COVID-19 pandemic. MDOT MVA in consultation with the Maryland State Police Automotive Safety Enforcement Division will accept an MSI that is expired beyond the 90-day period but not to exceed 120 days. This will be valid for MSIs processed on or after March 5, 2020. These transactions will need to be walked into MDOT MVA Branch Office for processing. Inspections expired for 121 days or more will need to go through the reinspection process. MDOT MVA is currently waiving the 60-day Excise Tax credit requirement until 30 days after the Governor's Executive order is lifted. Transactions of this type will need to be walked into a MDOT MVA Branch Office for processing.	Open	Y	Y

To ensure adequate staffing levels at the branch offices, the Springvale BMV branch will be closed until further notice, and mobile test sites will not resume at this time. The Maine Governor June 26 issued an executive to modify the meaning of 'vehicle' as provided in Executive Order 53-A, FY 19/20 for excise tax purposes. The order includes measures: 1) amending the meaning of 'vehicle' to include a motor vehicle and trailer; 2) providing that 'registrations' includes temporary registrations; and 3) lifting the interim suspension on statutory all-terrain vehicles, snowmobiles, and watercraft registrations. The order took effect June 26. On May 26, 2020, Gov. Janet Mills signed Executive Order #13-A, which sets guidelines for vehicle registration this state of emergency. According to this order, if a person can register their vehicle through their municipality or Bureau of Motor Vehicle Office they are advised to do so as soon as possible. If a registrant's municipal office or the Bureau of Motor Vehicle Office is processing vehicle and trailer registration, the registrant must complete this transaction no later than July 11, 2020 or by the deadline set by their municipality, whichever is sooner. If the municipality is not processing registrations during the BMV closure, and the applicant cannot complete the transaction online using the Rapid Renewal service (in participating towns), the registration is extended or renewed until such time as the municipal office or BMV can perform the work. For those who have purchased a motor vehicle or trailer (in private sale, or received the vehicle by transfer of ownership, and subsequently cannot register by virtue of their municipality and BMV being unable to perform that function, they are advised to print and retain a new "temporary registration" letter. This letter will serve as a temporary registration until such time that the municipality or BMV is able to complete the registration process. This applies to registrations issued by municipalities or the Bureau of Motor Vehicles, and also to temporary registrations issued by dealers. The State of Maine recognizes the need of individuals, families, and businesses for transportation, work and commerce during the emergency. These registrations can be renewed after the emergency ends. Registrations issued by municipalities, limited to those registrations, are deemed as enacted into law effective July 1, 2020, Senate Bills 876, 877, and 878 (2020 Michigan Public Acts Nos. 127, 128, and 129) provide that state ID cards, vehicle registrations, and driver licenses, permits, endorsements, and certifications that expire on or after March 1, 2020, are valid until September 30, 2020. This includes temporary registrations and registrations for those vehicles that are used for commercial purposes and commercial registrations issued under the International Registration Plan. Previously, Michigan Gov. Gretchen Whitmer signed Executive Order No. 2020-78 on May 8, 2020 again extending the expiration date of licenses, ID cards and vehicle registrations due to coronavirus (COVID-19). All vehicle registrations, operator's licenses or chauffeur's licenses expired or will expire between February 1, 2020 and June 30, 2020 do not violate the Michigan Vehicle Code if renewed on or before July 31, 2020. Division of Motor Vehicles credentials by enacting into law Session Law 2020-3 (Senate Bill 704). People whose credentials expired between March 1, 2020 and Aug. 1, 2020 have been given a one-time, five-month extension (from the original expiration date) to renew driver licenses and handle vehicle registrations. Any fines and fees related to expired credentials are being temporarily waived. Customers who already paid a \$15 fee for a late renewal in March or April will be reimbursed. This language does not change the original expiration date of the driver license or vehicle registration renewal; it only provides a one-time extension. The five-month extension applies to any credential that expire on or after March 1 and before August 31st, including temporary vehicle registrations and vehicle inspection authorizations. Based on guidance from the North Carolina Department of Revenue: (1) a valid inspection will be required before a renewal can be processed; (2) the renewal month will not be changed, meaning that if the registration expired in March 2020, the citizen will have to renew again in March 2021; (3) late fees apply beginning the day after the 5-month extension deadline, and interest 15 days after the 5-month extension deadline; (4) limited registration plates (LRPs) that expire and accrue interest during the months covered by the order will have interest waived; and (5) if a registrant has a renewal or LRP that falls within the months covered by the order and has already paid penalties and/or interest on a late payment, he or she will receive a refund. Governor Abbott also issued a statement on March 16, 2020, granting a temporary extension to obtain initial registration, renewal of registration, vehicle titling, and renewal of a permanent disabled parking placard. Governor Abbott also granted a temporary extension for an individual with an expired 30-day temporary permit to obtain another permit or Texas registration. The temporary waiver applies to vehicle owners in all Texas counties as set forth in the above referenced proclamation and statement. This temporary waiver is in effect until 60 days after TxDMV notifies the public that normal vehicle registration, vehicle titling and related services have resumed. The 60-day period will be the same for all counties. The purpose of the waiver is to prevent customers from having to physically visit a county tax assessor-collector office to obtain initial registration, to obtain a 30-day temporary permit, to transfer title, or to renew registration or a permanent disabled parking placard. Customers may continue to renew their registration online at www.TxDMV.gov. At this time, TxDMV continues to fill online registration sticker requests and process all other online services. TxDMV has informed law enforcement agencies and the offices of the county tax assessor-collectors of the temporary waiver. To preserve the TxDMV's accommodation, the Texas Comptroller of Public Accounts is providing an extension of up to 90 days past the original due date to pay the motor vehicle tax due on these purchases. The Comptroller's office is authorized to make this extension by Section 111.051(b) of the Texas Tax Code. Late penalties will be assessed as if the last day of the extension is the original due date. Moreover, an extension has been provided for vehicle inspections; when the state of emergency has passed you will have 60 days to have your vehicle inspected and complete the registration process. Tony Evers today announced an extended deadline for vehicle emissions tests, which are required in southeastern Wisconsin. The extension affects vehicles Kenosha, Milwaukee, Ozaukee, Racine, Sheboygan, Washington and Waukesha counties and makes the following changes: Customers who have a routine vehicle registration renewal date after March 12 and require an emission test will have 90 days from their renewal date to complete an emission test and maintain valid registration. Customers who obtained a new vehicle registration this year (January 26-March 12) will need to complete an emission test by June 10 to maintain valid registration. Customers who apply for, or obtained, new registration after March 12 (when the Governor's emergency Executive Order took effect) will have 90 days from their date of registration to complete an emission test and maintain valid registration. This gives customers another 45 days to complete the original requirement. The 90-day extension period for vehicle emissions testing ends July 31, 2020.	Open	Y	Y
WV	Licensing	Registrations expiring between 03/01/2020 and 09/30/2020 are extended until 09/30/2020 *No further extension beyond 09/30/2020	Yes, inspection deadlines are extended until 09/30/2020 *No further extension beyond 09/30/2020	Yes, suspended from 04/01/2020 until 07/01/2020 *No further extension beyond 07/01/2020	None	The West Virginia Division of Motor Vehicles announced on July 10, 2020 that many driver and vehicle transactions have been granted a continued blanket extension to September 30, 2020. This announcement revises their recent memorandum that extended the expiration date on the face of the following documents, beginning March 1, 2020: (1) any Driver's License, including Graduated Driver's License (levels 1, 2, and 3, and includes February expiration dates) and Commercial Driver's License Instructional Permits, including Commercial Permits; (2) vehicle registration, including temporary vehicle registrations or plates, and IRP registration; and (3) any CDL holder whose medical certification expires March 1, 2020, or after, and was issued for 90 days or longer, will have until September 30, 2020, to provide a new medical certification to avoid the downgrading of the CDL. WY	Licensing	N	No	Yes, VIN inspections suspended for 30 days *No further extension	None	To increase social distancing in support of the state's efforts to reduce the spread of COVID-19, the Wyoming Department of Transportation (WYDOT) urges the public to take advantage of the Executive Order Governor Mark Gordon issued allowing for a 90-day grace period for expired driver licenses and identification cards and not visit the Driver Services Offices for those and several related services during the outbreak. The Governor's Executive Order (2020-4), issued March 24, provides a 90-day grace period to those whose driver licenses and ID cards expire between March 15, 2020 through June 1, 2020. It also suspends non-commercial driving tests for 90 days and requires commercial tests to continue with the possibility of additional health-screening questions being asked. Download the 90-day grace period letter to carry with you if you have an expired driver license or state identification card.
